**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition. Our society succeeds and grows because of competition for business. limiting competition stifles growth and allows companies to approach monopolistic control of a market, allowing them to raise prices and cut back on the services I depend on. as a small business owner broadband internet is critical to my success and I choose to support small businesses because they generally offer better customer service.
